Automation & Tools: UiPath, Jira, Confluence

CAREER HIGHLIGHTS

- Delivered 22% MAU growth and 30% faster onboarding via platform modernization.
- Drove 30% conversion uplift and 10–15% revenue growth across e-commerce initiatives.
- Reduced content authoring time by 80% through CMS transformation.
- Enabled 41% YoY sales growth in automotive D2C platform.
- Generated \$100K annual savings via automation.

EXPERIENCE

Product Manager <i>Cognizant Technology Solutions</i>	Oct 2022 – Present India
---	-----------------------------

- Led platform modernization of internal developer portal used across banking products, improving discoverability, reuse, and adoption.
- Drove 22% MAU growth and 30% reduction in onboarding time by restructuring information architecture and usage analytics.
- Built headless CMS + micro-frontend architecture, enabling fully dynamic product pages and reducing engineering dependency.
- Scaled CMS adoption from 20% to 100% in 3 weeks via reusable components and governance model.
- Reduced content ops effort by 80%, enabling business teams to manage 300+ assets independently.
- Introduced feature flags + staged releases, improving release control and reducing publishing risk.
- Defined platform vision and North Star for enterprise content supply chains, prioritizing complex trade-offs across teams.
- Established continuous discovery pipeline across content lifecycle.
- Mentored 5 PMs.

Product Manager <i>Ernst & Young (EY)</i>	Jun 2021 – Sep 2022 India
---	------------------------------

- Owned Asia e-commerce platform for global apparel brand across web + mobile.

- Spearheaded 0-to-1 launch of India mobile app pilot integrating local APIs and payment gateways, driving 10% incremental revenue.
- Delivered 30% conversion uplift via storefront redesign (PLP, checkout, UX improvements).
- Defined growth roadmap (inclusive sizing, localization, performance), contributing to 15% revenue growth.
- Improved performance to under 3s load time, directly impacting conversion.
- Led MENA expansion planning (vendors, PRDs, market entry strategy).

Platform Product Manager (Digital Retail)

Oct 2020 – Jun 2021

Mercedes-Benz India

India

- Owned vehicle data enrichment middleware for Digital Retail Platform & Data Systems, influencing senior leadership decisions for the D2C “Retail of the Future” strategy.
- Integrated ERP, CMS, and microservices enabling multi-state retail.
- Enabled 41% YoY overall sales growth and 69% YoY luxury segment growth.
- Implemented UiPath-driven customer data reconciliation across CRM ecosystems, improving customer reachability and unified messaging capabilities while generating \$100K annually.

Product Manager

Sep 2019 – Oct 2020

Mercedes-Benz India

India

- Managed a ~\$150M revenue portfolio covering GLC and V-Class models, including the first locally manufactured AMG.
- Planned and executed new model launches, facelifts, and lifecycle updates, aligning volume planning with market trends.
- Influenced executive leadership decisions on product introductions and lifecycle strategy for GLC and V-Class portfolios.

Management Trainee – Business Development & Strategy

Nov 2018 – Sep 2019

Mercedes-Benz

India

- Supported MD & CEO office communications for internal and external strategic forums.
- Generated market intelligence and insights to guide strategic initiatives and innovation projects.
- Contributed to business innovation programs focused on new revenue channels and process optimization.
